I am a motivated and detail-oriented graduate with a strong academic background and a passion for research and writing. Throughout my undergraduate studies, I consistently produced high-quality assignments and research projects, demonstrating strong skills in critical thinking, and academic formatting. I have a broad academic foundation, having studied across multiple disciplines including Agriculture, Business, Psychology and Human Resource Management, which enables me to handle diverse topics with confidence. I am also fluent in English and have a good grasp of IT tools, both of which support my ability to deliver well-structured contents that meets academic standards and deadlines.
